

# ANNUAL REPORT-2022-23

**Academics** - Academic achievement is important for the successful development of young people in society. In this regard there are several components of the complex unit called performance. In that we have segments like

- **The Reopening day** was celebrated on **June 1st** and students were excited to be back at school after the pandemic. We had superhero cosplay to welcome each one of them.
- **Parent Orientation** sessions were conducted on general rules & regulations as well as on 'Next Learning Education App and also for the parents of Grade 10 students on how to maintain a stress free environment for the students while attending the board exams
- **Circle time** is conducted as a warm-up activity for the kinderland students to boost up their day.
- The students of SIST have visited many field trips, done art integrated projects,attended interactive classroom games as part of **Experiential Learning**
- **Art Integrated learning** helped the students to improve their creativity and innovation in their fields of interest
- We prepare our students for the future by simultaneous acquisition of technological knowledge through **ICT**,which helps them to understand AI and robotics through blended learning
- The activities like swimming, skating,music,dance and theater arts helped the student to **Learn by doing** in order to adapt and acquire that skill more efficiently.
- We incorporate **21st century Life skills** in our classrooms such as Critical thinking, Communication skills, group discussion , Problem

solving ,Creativity and Innovation and Collaborative activities which are crucial to thrive in today's world

- **Critical thinking and problem solving** activities were conducted Inside and outside the classes like as part of environmental day students made Cloth bags to say no to plastic and spread awareness among the community
- We conduct a number of **assessments** depending on the grade and stage wise development of the students .
- We have a **Value of the month** program where students incorporate that value to their life and value education classes will be conducted depending on that peculiar value of that month. We also have ,**focus of the month** program where we have subject wise activities changing every fortnight. These programs were started in mid of the academics.
- Counseling sessions are provided along with **Inclusive learning** according to the needs and stage of the children
- We provide **Remedial classes** from primary stage onwards which are provided for slow learners and those who need support with the consent of the parent.
- We are very glad to announce that our **First batch of grade 10** students are going to attend the board exams this year .I wish each one of you good luck and a bright future ahead.
- **Mentorship program** for grade 10 Students.

### **SEMH Curriculum** - *Social/Physical ,Emotional and Mental Health*

- A part of this curriculum Housewise competitions are conducted to improve their **physical ,social and emotional** wellbeing
- **Physical** activity for improving concentration like swimming,skating,basketball etc are provided

- For the **Mental and social** Health - Yoga and Inter classroom activities are provided . Soft skill sessions help to avoid inhibition and to think outside the box” both creatively and critically.
- Theater classes , Class Teachers period and lunch with the class teachers are different programs provided which helps to improve the students **emotional health** to and for **self-expression**.Counselings are provided to those who are in need.
- Paying attention to the present moment and to handle their emotions is an important aspect in today's world , for which we have a program called **Mindfulness** for the KGs
- Martial Art training, Skating are conducted to improve the **Psychomotor development** of the students.
- **Sports events** were conducted according to grade wise

### **Aesthetic designing in SIST**

- Craft,Origami, Art Integrated Projects, Drawing,Clay Modeling,Cotton activity,Poster designing helps the students to improve their creativity and aesthetic sense
- To be more self-expressive we conduct Theatrical classes which is handled by experts in the field
- Through Soft skill activities we incorporate 21st century skills
- Music, Dance and instrumental learning helps the students to improve their concentration level,which helps in their academics

### **Kinderland activities-**

- Our kinderland sets standards for the learning, development, and care of children from pre kg to K2.
- Our curriculum ensures to provide experiences which are based on children's interests which include fun Fridays, activity learning, parent integrated learning etc.
- Students do various aesthetic activities according to their age, category and skills.

### **Be a Leader-**

- To nurture the leadership skills of our students, the students are grouped into 4 houses. Arts , Sports and various other competitions are conducted house wise and points are provided accordingly.
- Inspirers are also grouped into 4 houses for providing guidance and mentor them accordingly.
- our school conducted an Investiture Ceremony, where we showcase the managing and organizing skills of students and selected the school cabinet members.

### **A home away from home**

- We provide **Residential facility** from kg onwards and special care is provided according to their needs
- **After school program** are arranged in instrumental music, cycling, swimming, skating to improve their physical health
- **Remedial coaching** is provided by the subject teachers as and when required.
- Additional support by subject experts were provided in the first term considering the impact of the pandemic .
